

AMENDMENTS TO THE CLAIMS

1. (Currently Amended) An apparatus for draining a urine collection bag worn by a person comprising:

an electrically operated drain valve coupled to a drain tube of the urine collection bag;

a control device for remotely controlling the drain valve, the control device adapted to be worn by the person, the control device including a drain valve actuation control, ~~wherein the control device is outwardly configured to conceal the function thereof;~~

a housing for the control device, the housing including a clip for securing the housing to a belt or waistband and further including a simulated display window such that the housing resembles a pager; and

a battery disposed within the housing for providing electrical power to operate the drain valve.

2. (Canceled)

3. (Canceled)

4. (Original) The apparatus of claim 1 wherein the control device is connected to the drain valve with a flexible flat wire cable.

5. (Canceled)

6. (Original) The apparatus of claim 1 wherein the drain valve is secured to an ankle of the person.

7. (Original) The apparatus of claim 6 further comprising a strap having a hook and loop closure for securing the drain valve to the ankle of the person.

8. (Original) The apparatus of claim 1 wherein the drain valve actuation control comprises a push-button switch.

9. (Canceled)

10. (Canceled)

11. (Canceled)
